

Ohenry Frame Tent Types

Standard Frame Tent

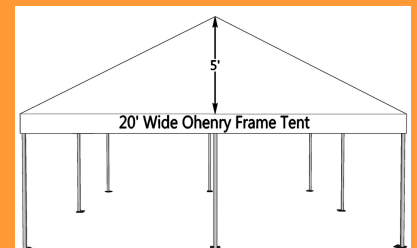

Heavy-Duty 17 oz Cover

Tops are built in USA with American-made 17oz block-out material. **The Standard Frame Tent Cover** attaches directly to the top of the frame with buckles and straps.

Built for Strength & Longevity

Our frames are made with 2" Marine Anodized American-Made Aluminum Tubing and heavy welded steel for superior durability. *All of our Frame Tents have this same base frame.*

Spacious Design

Top has a roomy 5' Roof Pitch, and 10 feet of space between each leg.

Sizes Available

Available in the widest variety of sizes 10x10 - 40x120

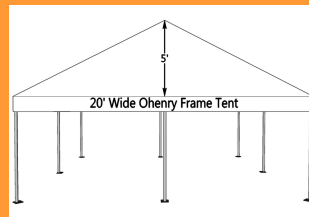

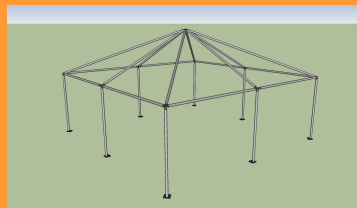

Premium Frame Tent

Heavy-Duty 17 oz Cover - Attaches to Base Plate

Tops are built in USA with American-made 17oz block-out material. **The Premium Frame Tent Cover** is designed to be attached to the premium base plate with 1" ratchets to give a tighter fit with no sagging.

- Tighter Fit for no sagging! Better for rainy or snowy locations.
- Easier to attach than standard frame tent cover.

Built for Strength & Longevity

Our frames are made with 2" Marine Anodized American-Made Aluminum Tubing and heavy welded steel for superior durability.

Spacious Design

Top has a roomy 5' Roof Pitch, and 10 feet of space between each leg.

Cover Attachment

Rope attaches to the frame side bar through the slit in the cover, and then down to the stake. Cover is attached to the premium base plate with 1" ratchets which keep the cover tight.

Sizes Available

Available sizing from 10x10 to 20x60.

High Peak Frame

Heavy-Duty 17 oz Cover - Attaches to Base Plate

Tops are built in USA with American-made 17oz block-out material. **The High Peak Frame Tent Cover** is designed to be attached attached to the premium base plate with 1" ratchets which keep the cover tight, and also has a larger "peak" in the center for an elegant look.

- Elegant, showstopping design!
- Great for weddings and parties.

Built for Strength & Longevity

Our frames are made with 2" Marine Anodized American-Made Aluminum Tubing and heavy welded steel for superior durability.

Spacious Design

Top has a roomy 8' Roof Pitch with custom mast for the center crown and 10 feet of space between each leg.

Cover Attachment

Rope attaches to the frame side bar through the slit in the cover, and then down to the stake. Cover is attached to the premium base plate with 1" ratchets which keep the cover tight.

Sizes Available

Available sizing from 10x10 to 20x60.
